EXPERIENCE

RMSI Pvt. Ltd. Noida

August 2023- Current

Junior Data Annotator

Specialized in Lidar technology and comprehensive data annotation across images, text, sound, and video.

- **Kognic (Lidar Project)**
Developed a system to annotate vehicles and lanes in 2D and 3D (Lidar) formats, essential for training machine learning models used in autonomous driving and traffic management.
- **Jupiter**
This project involves detailed annotation of images and videos for human pose, gestures, and actions, creating a rich dataset for machine learning applications in augmented reality, human-computer interaction, and behavior analysis.

ACHEIVEMENTS

- Earned RMSI certification for excellence, recognizing exceptional dedication, determination, and high-quality results in work performance and commitment.
- Led the Labeler team, managing rich datasets and quality control, significantly enhancing team output, creativity, and overall project visibility.
